The **Goodwin Dental Center** is a community focused dental program that provides top quality yet affordable dental care. Our aim is to create access to good oral health for **ALL** in Strafford County. The Center has been a part of Goodwin Community Health since 2004 and serves over 3,100 patients annually. Both **adults** and **children** with or without insurance are welcome. Like all of the services at Goodwin Community Health, dental care is offered to the uninsured on a sliding fee scale basis and is based on income. Most health insurance plans are also accepted.

**You do not need to be a Goodwin Primary Care patient to visit the Dental Center.** However, many Dental Center patients choose Goodwin Community Health for their Primary and Behavioral Health Care. Having all three services under one roof brings convenience and the advantage of Goodwin's unique approach to high quality integrated medicine.

## Acceptable Forms of Payment

Most private insurances  
New Hampshire & Maine  
Medicaid  
Sliding fee discount available  
(upon receiving income  
verification) to all patients who  
are uninsured.
